

Café Learn Accessibility Statement

Our Commitment

Café Learn is committed to accessibility as part of providing an exceptional experience for our students, faculty and business partners. This includes creating and maintaining digital products and services—including our websites—that are accessible to the widest possible audience, regardless of ability.

Accessibility in Action

Our team is dedicated to making accessibility a priority. This philosophy extends to everything we do—from the products and services we provide to the people we employ and work with across our organization.

Accessibility features are addressed in our digital products, including our selection of eReaders, adjustable text fonts, sizes and styles as well as customizable line and margin spacing for enhanced readability. We support text-to-speech support and global keyboard accessibility for those with cognitive, speech and/or motor impairments.

Ongoing Efforts

We will continue to strive to make our site fully accessible for users with disabilities and to reduce any barriers to the educational content and tools we deliver. Our goal is to ensure that our continuous improvements will allow users with motor, vision, or hearing disabilities to continually have the same wonderful experience others using Café Learn.. We will listen to your feedback and work with our academic partners and other relevant organizations to ensure we meet existing standards and identify areas of potential concern.

For Further Information

We value your input. If you have an accessibility-related question, comment or problem, please contact accessibility@cafelearn.com.

Helping to transform the way teachers teach and students learn; improving performance and increasing student success and retention. Visit our website at www.Cafelearn.com.
